Subject: SKY NEWS INTERVIEW REQUEST - SHAUN MCGRATH

Dear Mr McGrath,

I'm a producer at Sky News Tonight, the flagship evening show in the UK.

I wanted to see whether you might be available for interview today to discuss the situation in the Colorado river.

Indeed, our presenter and editor-at-large, Adam Boulton, is very keen to have you on.

The interview would be with Adam Boulton. Adam is one of the UK's foremost broadcast journalists having been political editor of Sky News for 25 years. In that time he has interviewed the last ten British Prime Ministers and numerous international statesmen and women, including President Obama, President George W. and Laura Bush and Vice President Al Gore.

Sky News itself is a 24 hour news channel based in Britain but with bureaus all around the world. We broadcast across Europe and the Middle East reaching 117 million households – we can also be seen in the U.S. via Apple TV and Roku.

Sky News Tonight consists of interviews with key world leaders, studio debate and analysis.

We can do the interview on Skype. It would just be 5 minutes of your time as I recognise you must be very busy! Ideally it would be 12.30pm PT.

Please let me know.

Kind regards,

Rebecca
